

# TOTENAT'S GODHOOD POWERS

TOTENAT HAS BECOME A BELOVED household name, but we all wonder, what is the oracle text of his burgeoning godhood abilities? Here, questions like that, and only like that, are answered.

## IMPROVED CHANNEL DIVINITY

---

You can use your channel divinity one extra time per rest

## NEW CHANNEL DIVINITY ABILITIES

---

***Celestial Energy Harness*** As a bonus action, you can touch your holy symbol and use Channel Divinity to regain one expended spell slot of your own, or two spells slots of an ally you can see. The spell slots regained must be level 3 or below.

***Imbue Champion*** When you roll initiative you may use Channel Divinity to declare any visible willing ally your champion.

- For the remainder of the fight, you may cast spells as if you were in the location, with the sight and hearing of your champion. Spells cast this way get a -2 to saving throws and ranged spell attack rolls. Your champion can choose not to cast a spell this way.
